392 Pump Hours.

OTHER INFORMATION

They hate to see it go....."There are a lot of disappointed members and community citizens that love this truck. It has been a great truck. We would keep this unit if we didn't already have 2 other engines. We are hoping to sell this to buy a used ladder truck to improve our capabilities and improve our ISO rating. If we were not trying to accomplish this, the truck would remain in our fleet for years to come."-Fire Chief
